Hoa Khanh Nguyen

Software Development Student

Calgary, Alberta T2A 4E3 | khanhhoa270303@gmail.com | +1 (587) 432-4894 | LinkedIn | GitHub

TECHNICAL SKILLS

- Language | Java
- Web | HTML, CSS, JavaScript, Bootstrap
- DB | SQL Plus, MariaDB
- SVC | GitHub

- OS | Linux, Window
- Design | Adobe Xd, Adobe Photoshop
- Other Tools | PowerShell, Wireshark, Cisco Packet Tracer, etc.

PROJECTS

Movies Management System - GitHub   Nov 2022 – Dec 2022

- Developed an entire program which can be executed on a terminal and scans a sql file and displays an input interface allowing users to add movies, display movies by a specific year, display random movies, and delete movies. **(Java, MariaDB)**

Fighting Game Events Finder (FGEF) - Interface   Sep 2022 – Dec 2022

- Developed an interface design for an application called FGEF which shows the locations of nearby fighting game tournaments, the brackets, sign up option, and information about the tournaments. **(Adobe Xd)**

New City Bakery Form Submission - Website   Oct 2022 – Nov 2022

- Created a website with a form which can allow customers to input their information, choose the type of cake and dimensions they want, and display the price and the information after clicking "submit" button. **(HTML, CSS, Bootstrap, JavaScript).**

Library Management System - GitHub   Sep 2022 – Oct 2022

- Developed an entire program which can be executed on a terminal and scans a text file and displays an input interface allowing users to checkout to find books by title, type, or produce a list of random books. **(Java)**

Simulated Network Configuration and Design – Cisco Packet Tracer   Jan 2022 – Apr 2022

- Configured IP configurations (both IPv4 and IPv6) on end devices, routers, and switches, and then simulated the network in real time.
- Operated 4 sites, each with 4 LAN's ranging from a single host to over 1000 hosts.
- Aimed to configure best security practices on routers and switches, and full network connectivity.

WORK EXPERIENCE

Royal Nails Salon   Jan 2022 – Present

Part-time | Receptionist & Manicurist & Pedicurist, Calgary, Alberta, CA

- Managed information using the Fresha website, including bookings, scheduling, orders, and billings.
- Handled incoming and outgoing telephone calls.
- Greeted customers, signed them in, and directed them to their destination.
- Performed administrative tasks.
- Multitasked by flexibility in fulfilling necessary roles (manicurist or pedicurist).
